Box No. IV Text of the abstract (Continuation of item 5 of the first sheet)

The invention accordingly relates to the use as catalysts of at least one metal complex of formula (1)

wherein

L is a ligand of formula (2)

wherein

Q_1 is N or CR_{10} ,

Q_2 is N or CR_{11} ,

and wherein the remaining substituents have the meanings as defined in the claims, for oxidation reactions with (A) organic peroxy acids and/or (B) precursors of organic peroxy acid, the latter in combination with (B-1) H_2O_2 and/or (B-2) a precursor of H_2O_2 , in particular in detergent compositions.

Further possible uses relate to epoxidation of olefins in organic synthesis, pulp and paper bleaching compositions, oxidative waste water treatment, automatic dishwasher formulations and disinfection compositions.

Box II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)

This International Search Report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:

1. ☐ Claims Nos.:
because they relate to subject matter not required to be searched by this Authority, namely:
2. ☐ Claims Nos.:
because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically:
3. ☐ Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows:

see additional sheet

1. ☐ As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
2. ☐ As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. ☐ As only some of the required additional search fees were timely paid by the applicant, this International Search Report covers only those claims for which fees were paid, specifically claims Nos.:
4. ☒ No required additional search fees were timely paid by the applicant. Consequently, this International Search Report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:

1-9, 12-25 (all part)

Remark on Protest

- ☐ The additional search fees were accompanied by the applicant's protest.
- ☐ No protest accompanied the payment of additional search fees.
